Facinating 4/20/2017 article describing Chinas [[currency](#), [oil trade](#), [Silk Road](#), [more](#)] perspective & strategic world view from The People's Liberation Army's most influential strategist, Major-General Qiao Liang.

*"The relationship between Russia and China is strong, and they are likely to coordinate their strategic responses to American aggression in both Korea and Syria. The question is, if America continues to escalate its bellicose actions against North Korea, Syria, and possibly Iran, what will their response be? For clues, we should look at this from China's point of view. The People's Liberation Army's most influential strategist, Major-General Qiao Liang laid out his overall strategic philosophy at a book-study forum of the Communist Party's Central Committee in Autumn 2015. His view can be taken to be that of the Chinese leadership."*
